

AWARENESS PROGRAMME ON PLASTICS IN THE ENVIRONMENT

Jointly organized by

Indian Centre for Plastics in Environment
SIES Indian Institute of Environment Management
&
SIES School of Packaging

Date: 9th June 2016

Venue: Auditorium, SIES School of Packaging

An awareness programme on plastics in the Environment was arranged by ICPE, IEM and SOP on 9th June 2016 to spread awareness about plastic waste management. Around 45 participants were present in the awareness programme including scientist from MPCB, Faculty members from SIES, and students.

Session started with the screening of ICPE Film on “Listen Plastic has something to say”. This was followed by a brief presentation on ‘Benefits of Plastics, Issue and Solution’ by Mr. T.K.Bandopadhyay, Technical Director, ICPE. Dr. C. Srinivas, Adjunct Faculty, IEM gave presentation on “Plastics: Boon or Bane”. He shared valuable information and facts about plastic use and effects of plastics on environment. Mr. T.K.Bandopadhyay conducted open discussion and interactive session with the participants and students. Prof. P.V.Narayanan was the moderator for this awareness programme. Students actively participated in the discussion. Few of the students who gave practical solutions for plastic waste management also got prizes. Dr. Seema Mishra, Director IEM, Prof. P.V.Narayanan, Chairman and Director SOP and Mr. T.K.Bandopadhyay, Technical Director, ICPE felicitated the winners with saplings and gifts. The session ended by vote of thanks. The whole session for awareness programme was conducted by Dr. Saumya Singh, Adjunct Faculty, IEM.
