

SIES INDIAN INSTITUTE OF ENVIRONMENT MANAGEMENT

SIES IEM –SGS India Pvt. Ltd. Two Day Internal Auditor Training Programme on ISO 14001 & ISO 45001

We, SIES IEM, are planning along with internationally renowned SGS India Pvt. Ltd. a two day Internal Auditor Training programme on ISO 14001 & ISO 45001 at our Nerul, Navi Mumbai Campus. **Tentative dates are 30th and 31st of January, 2019.**

ISO 14001 is an Environment Management System Standard and ISO 45001 is an Occupational Health and Safety System standard.

As we are all aware, sound Environment Management is an integral part of the business strategy as well as necessity in the current state of affairs across the globe. Occupational Health & Safety is, similarly, of very high priority and the system should be as per international standards. The proposed training programmes address these two systems.

SGS is an internationally renowned Academy network with global presence. SGS has trained professionals at some of the biggest companies and government organizations in the world. SGS network comprises over 2,400 offices and more than 95,000 employees around the world. Its office in Mumbai is located in Vikhroli. SGS will identify the expert faculty for conducting this training programme.

SIES IEM is University of Mumbai & Department of Scientific and Industrial Research-recognised research centre in Environmental Sciences with rich experience in research, industrial consultancy and academics since its inception in 1999.

The proposed training programme, with **very reasonable admission fee(6900 +18% GST/-)** is tuned to the needs of the participants. An in depth look at the participants' requirements will be given. From this, the specific objectives and scope of the learning and development are determined and the course structure, design and content are developed, involving the participant at every step of the process.

The training courses are designed to the specifications of international standards and accredited bodies, ensuring high quality courses and the achievement of recognized levels of expertise.

Successful completion and SGS certification of the Training programme adds immense value to the participant, working professional as well as fresher seeking job in industry.
